License State: Texas Commission ID: 13338102-6 Expiry Date: Oct 12, 2025

Services Offered:

Professional Introduction & Experience

Project Manager by day, Notary Public at night. I am currently RON Certified, pending NNA Agent certification. I am new to the notary community, but bring 18+ years of experience of working in a Fortune 500 Texas company. In those years I directly and indirectly worked with customers and have learned the importance of a good customer experience. I look forward to working with you.

About Notary Business

Having high risk family members during the recent years made me realized the need for a safe and secure way to notarize documents from home. Remote Online Notarization helps provide a secure (physical & electronic) and flexible way to do this.

How It works

- Sending Document request- please provide as much information as you can and use your official name.
- The notary will review your request and reply to you with an email invitation to upload your documents.
- Click on the email invitation link, to upload your documents and submit them securely to the notary's Secured Signing account.
- The notary will contact you for the next steps and to schedule a meeting with you.

Notary Contact Info

3. Check your inbox for an email titled: **Invitation to Upload Documents** and click on the link to upload your file

4. Enter the secure code that was sent to your phone

A screenshot of a mobile application screen titled "Secure Document Access". At the top center is a blue circular icon containing a white padlock. Below the icon, the title "Secure Document Access" is displayed in a bold, dark font. Underneath the title is a white rectangular input field with a thin border and a vertical cursor on the left side, containing the placeholder text "Enter your code". Below the input field is a solid blue rectangular button with the word "CONTINUE" written in white, uppercase letters.

Notification! A SMS (Text Message) code has been sent to your mobile number: +1
Please check your phone and enter the code into the box above.
